

Our "Siuvinėjimo fabrikas - Embroidery factory" was founded in 1998 years in Kaunas, since then we have gained extensive experience in the field of embroidery.

We cooperate with foreign companies and Lithuanian advertising agencies, clothing manufacturers.

Our services

- Industrial embroidery - we embroider logos, emblems, applications and inscriptions on a wide range of thread that makes your desires become reality!
- Laser engraving and cutting - we engrave on the different types of materials, we can also cut different templates.
- Printing and plotting - we print a variety of print size on different tapes, also we plotter, cut letters or logos.
- Thermal printing on various products.

Implement and large corporate orders, and individual desires. [Contact us.](#)
